EXAMINER'S AMENDMENT

1. An examiner's amendment to the record appears below. Should the changes and/or additions be unacceptable to applicant, an amendment may be filed as provided by 37 CFR 1.312. To ensure consideration of such an amendment, it MUST be submitted no later than the payment of the issue fee.

Authorization for this examiner's amendment was given in a personal interview with Mr. John Salazar on June 24, 2004.

The application has been amended as follows:

In claim 6, lines 2 and 3, "substantially shaped like a perimeter of a hull of a boat" has been deleted as having no antecedent basis in the specification.

In claim 14, line 6, "frame" has been deleted as "said tee-top frame" had no clear antecedent.

During the interview, the above changes to claims 6 and 14 were discussed along with reasons why such changes were needed.

2. The following is an examiner's statement of reasons for allowance:

Schmitt et al is cited as it discloses a T-top frame for a boat. Tull is cited to show another T-top frame for a boat. Newton is cited because Newton discloses a cover for a watercraft with peripheral edges such as seam 28, drawstrings 30 and 32 threaded through the peripheral edges, a notch 62, and a releasable fastener extending between the notch 62 and an aperture created by seams 28 and 40.

The claims are allowed because each includes limitations drawn to the tee-top receiving aperture or opening and either a plurality of fastening devices attached around

the edge of the tee-top receiving aperture, means for fastening the blank of flexible material to the tee-top around the tee-top receiving opening or attaching the plurality of fastening devices located adjacent the tee-top receiving aperture to the tee top. None of the prior art of record disclose or make obvious the tee-top aperture and the fastening means associated with it.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
